2022/2023

Evolution & Revolution

The past year saw more than enough change under usual circumstances, but considering the previous two years of COVID, it was a welcome reconnect with our community and an opportunity to begin to track a path forward.

Our North Vancouver Chamber Board and Staff reacted to months of continued uncertainty as the year began and we saw how fortunate we were considering the upheaval in many places around the world.

We are proud to have remained responsive and able to play a role in supporting the business community of North Vancouver as we all faced the choice of an evolution or revolution in the way we do business.

We hope this summary 'A Year in Review' will give you confidence that your voice is heard, and your fellow business owners, leaders, and employees have your back.

The North Vancouver Chamber continues to work hard on your behalf. As we are supporting you, we too need your support. As a not-for-profit, we ask you in the year ahead to remain committed to your North Vancouver Chamber and to bring others along to join our mission.

Our best to you all. Remember to Buy Local, Shop Local, Learn Local and Support Local.

Standard of
Excellence:

Accredited
Chamber of
Commerce

The North Vancouver Chamber is proud to have received notice from the Chamber Accreditation Council of Canada (CACC) that our application for reaccreditation passed the Council’s examination.

The North Vancouver Chamber remains in a select group to hold this distinction – 1 of only 8 in BC, and 1 of 64 in Canada of the roughly 900 Canadian Chambers.

The CACC says: *“You are part of a group of elite chambers of commerce in Canada that can verify to the business community locally and nationally that your organization is run in a strategic and professional way and has reached the standard in Chamber excellence”.*
